Paper 1 Multiple Choice

May/June 2016

1 hour

Additional Materials: Multiple Choice Answer Sheet

Additional Materials:
(**not** provided by CIE) Soft clean eraser
Soft pencil (type B or HB is recommended)
Ruler
Protractor

READ THESE INSTRUCTIONS FIRST

Write in soft pencil.

Do not use staples, paper clips, glue or correction fluid.

Write your name, Centre number and candidate number on the Answer Sheet in the spaces provided unless this has been done for you.

DO **NOT** WRITE IN ANY BARCODES.

There are **forty** questions on this paper. Answer **all** questions. For each question there are four possible answers **A**, **B**, **C** and **D**.

Choose the **one** you consider correct and record your choice in **soft pencil** on the separate Answer Sheet.

Read the instructions on the Answer Sheet very carefully.

Each correct answer will score one mark. A mark will not be deducted for a wrong answer.

Any rough working should be done in this booklet.

The businesses described in this question paper are entirely fictitious.

This document consists of **11** printed pages and **1** blank page.

2

1 Which sector of production is shown in the diagram?

- A manufacturing
- B primary
- C secondary
- D tertiary

2 Which are all aids to trade?

- A advertising, banking, retailing
- B banking, communications, transport
- C manufacturing, warehousing, retailing
- D warehousing, insurance, wholesaling

3 Why are there more new businesses in retailing than in manufacturing?

- A Fewer skills are required to run a retail outlet.
- B More capital is required to start retail trading.
- C Retailers can obtain bank loans without collateral security.
- D Retailers require larger premises than manufacturers.

4 Which type of retailer is shown in the picture?

- A mobile shop
- B multiple chain store
- C self-service store
- D street market

5 Which retail outlet is usually in a city centre and offers a wide range of goods in luxury surroundings?

- A department store
- B speciality store
- C supermarket
- D unit shop

6 Why has online retailing expanded in recent years?

- A A high level of customer service is provided.
- B Consumers receive spam messages from online retailers.
- C Many different methods of payment are available.
- D Shoppers can buy goods and services at any time.

7 What is a disadvantage to the buyer of buying a television on credit?

- A A credit check will be made by the seller.
- B Interest may be charged by the seller.
- C Payment is postponed until a later date.
- D There is no need to carry a large amount of cash when buying.

8 A retailer who allows informal credit would usually expect payment

- A at the end of the week.
- B immediately.
- C in a year's time.
- D when the customer has the money.

9 Susan buys a jacket using a credit sales agreement. The cash price is \$290.

Susan pays \$50 deposit and the rest of the debt, on which 10% interest is charged, in 12 equal monthly instalments.

What will be the total credit sales price?

- A \$266
- B \$290
- C \$314
- D \$340

10 Mr Ansari has returned to a shop to request his money back for a shirt which he bought recently.

Under which circumstance would the shop have to give him a refund?

- A He dislikes the design of the shirt.
- B He needs the money he has spent on the shirt to pay a bill.
- C The shirt does not match his tie.
- D The shirt is not the same colour as shown on the box.

11 As part of a sales of goods act, the goods sold must

- A be fit for the purpose for which they were made.
- B be inspected by the buyer before delivery.
- C be offered in standard measures.
- D be sold with a guarantee.

12 Which channel of distribution would be **most** suitable for sending canned fruit from producers in South Africa to consumers in England?

- A producer → agent → consumer
- B producer → agent → retailer → consumer
- C producer → agent → wholesaler → retailer → consumer
- D producer → consumer

- 13 Which are all services of a freight forwarder?
- A arranges insurance, negotiates contracts, makes payment for goods
 - B arranges shipment, organises customs clearance, makes payment for goods
 - C delivers goods, provides storage, negotiates import duty payments
 - D manages documentation, arranges transport, organises customs clearance
- 14 Why does a manufacturer obtain quotations from more than one supplier?
- A to assist the checking of the manufacturer's accounts
 - B to check deliveries of goods from suppliers
 - C to compare suppliers' prices
 - D to find out how much the manufacturer owes suppliers
- 15 The diagram shows part of a statement sent by a wholesaler to a retailer.

STATEMENT				
month ending 30 April 2016				
date	details	debit	credit	balance
March 1	balance brought forward			1000
March 9	invoice 1121	2000		3000
March 23	invoice 1823	1000		4000
	20% trade discount			4800

Why is this statement **incorrect**?

- A The balance owed after invoice 1823 is \$4000.
 - B The invoices should be in the credit column.
 - C The trade discount allowed is \$800.
 - D The trade discount is added to the amount owed.
- 16 How much would a buyer pay when given a cash discount of 5% on an item originally priced at \$1200?
- A \$60 B \$1140 C \$1195 D \$1200

17 Why are imports important to a country?

- A A greater variety of goods are made available.
- B More money is brought into the country.
- C The Balance of Trade is improved.
- D The imports compete with local industries.
