#### **READ THESE INSTRUCTIONS FIRST**

Write your Centre number, candidate number and name in the spaces provided.

Write in dark blue or black pen.

You may use an HB pencil for any diagrams or graphs.

Do not use staples, paper clips, glue or correction fluid.

DO NOT WRITE IN ANY BARCODES.

Write your answer to each question in the space provided. If additional space is required, you should use the lined pages at the end of this booklet. The question number(s) must be clearly shown.

Answer three questions, one from each section.

The Insert contains Photographs A, B, C and D for Question 2 and Photographs E, F and G for Question 4.

The Insert is **not** required by the Examiner.

Sketch maps and diagrams should be drawn whenever they serve to illustrate an answer.

At the end of the examination, fasten all your work securely together.

The number of marks is given in brackets [ ] at the end of each question or part question.

## PLATINUM BUSINESS ACADEMO 0777898626

### **QUESTION 6**

**6 (a)** Study Fig. 9, which shows information about where three cash crops are grown commercially in Bangladesh (an LEDC in Asia).

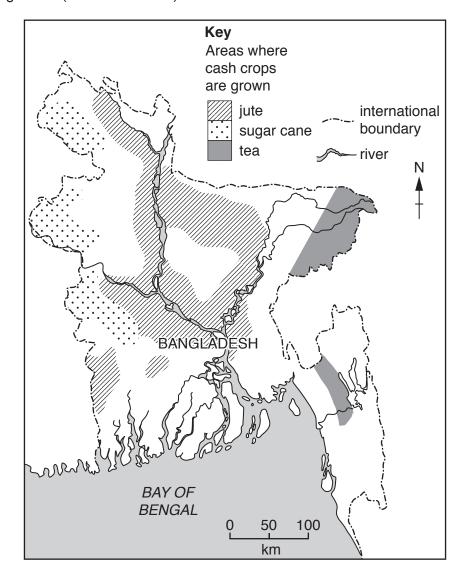

Fig. 9

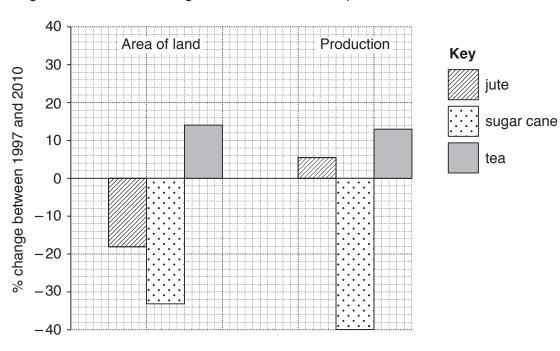

| (i)  | What is meant by <i>commercial farming</i> ?  |     |
|------|---|-----|
|      |   | [1] |
| (ii) | Compare the distribution of the areas where jute and sugar cane are grown Bangladesh. | in  |
|      |   |     |
|      |   |     |

0777898626

| (111) | areas where they are grown.  |
|-------|--|
|       |  |
|       |  |
|       |  |
|       |  |
|       |  |
|       | [3]  |
| (iv)  | Explain how <b>two</b> other factors are likely to influence the location of manufacturing industries. |
|       | 1  |
|       |  |
|       |  |
|       |  |
|       | 2  |
|       |  |
|       |  |
|       | [4]  |

**(b)** Study Fig. 10, which shows the percentage change in the area of land used for growing jute, sugar cane and tea in Bangladesh and the amount produced between 1997 and 2010.

**Fig. 10** 2217/13/M/J/17
