General Marking Guidance

- All candidates must receive the same treatment. Examiners must mark the first candidate in exactly the same way as they mark the last.
- Mark schemes should be applied positively. Candidates must be rewarded for what they have shown they can do rather than penalised for omissions.
- Examiners should mark according to the mark scheme not according to their perception of where the grade boundaries may lie.
- There is no ceiling on achievement. All marks on the mark scheme should be used appropriately.
- All the marks on the mark scheme are designed to be awarded. Examiners should always award full marks if deserved, i.e. if the answer matches the mark scheme. Examiners should also be prepared to award zero marks if the candidate's response is not worthy of credit according to the mark scheme.
- Where some judgement is required, mark schemes will provide the principles by which marks will be awarded and exemplification may be limited.
- When examiners are in doubt regarding the application of the mark scheme to a candidate's response, the team leader must be consulted.
- Crossed out work should be marked UNLESS the candidate has replaced it with an alternative response.

Question Number	Question		
4	Assess whether Evidence B shows characteristics of a strong corporate culture.		10 marks
Level	Mark	Descriptor	Possible content
1	1-2	Knowledge/understanding of basic terms.	e.g. corporate culture is the set of important assumptions that are shared by people working in a particular business and influence the ways in which decisions are taken.
2	3-4	Application: basic points developed to show awareness how <i>DS Smith</i> sets out to establish its corporate culture	e.g. <i>DS Smith</i> hold open days e.g. <i>DS Smith</i> joins the <i>Nestlé</i> scheme
3	5-7	Analysis in context must be present, i.e. the candidate must give reasons/causes/costs /consequences of a strong corporate culture. N.B. if analysis is not in context, limit to Level 2.	e.g. the business has a three point statement of 'corporate social responsibility' in its Annual Report demonstrating a commitment to a strong culture e.g. <i>DS Smith</i> is not just concerned with its PR profile, but takes practical measures to promote its environmental culture by sponsoring schemes local to its UK operations e.g. strong corporate culture demonstrated by holding open days spread across the globe at 91 locations so that stakeholders can experience its corporate culture first hand
4	8-10	Evaluation must be present and in context, i.e. a candidate balances claims for a strong corporate culture by suggesting how it, despite the statement of 'corporate social responsibility' it may have a weak corporate culture N.B. if evaluation is not in context, limit to Level 3.	e.g. a strong corporate culture requires more than just three bullet points in an annual report document e.g. the points in Evidence B just focus on social issues and say nothing about other aspects of corporate culture such as promoting staff loyalty and motivation

			<p>e.g. there is no information about how employees or customers perceive the corporate culture, Evidence B is all based on claims made by the business</p> <p>e.g. weak corporate culture demonstrated by the fact that it joins the <i>Nestlé</i> scheme rather than originating its own scheme to support young people</p>

5	<p><i>DS Smith</i> has used takeovers as a strategy (Evidence D and E).</p> <p>Assess this corporate strategy for <i>DS Smith</i>.</p>		12 marks
Level	Mark	Descriptor	Possible content
1	1-2	<p>Knowledge/understanding of corporate strategy</p> <p><i>Material presented is often irrelevant and lacks organisation. Frequent punctuation and/or grammar errors are likely to be present and the writing is generally unclear.</i></p>	<p>e.g. corporate strategy refers to the way in which the business seeks to achieve its long term aims</p>
2	3-4	<p>Application must be present, i.e. the answer must be contextualised and applied to show evidence of <i>DS Smith's</i> corporate strategy</p> <p><i>Material is presented with some relevance but there are likely to be passages that lack proper organisation. Punctuation and/or grammar errors are likely to be present which affect clarity and coherence.</i></p>	<p>e.g. Evidence D and E show that <i>DS Smith</i> is buying/acquiring/taking over competitors, businesses which offer similar products</p> <p>e.g. these businesses that are being taken over are located across the world</p>
3	5-7	<p>Analysis in context must be present, i.e. the candidate must give reasons/causes/costs /consequences of <i>DS Smith's</i> corporate strategy</p> <p>N.B. if analysis is not in context, limit to Level 2.</p> <p><i>Material is presented in a generally relevant and logical way but this may not be sustained throughout. Some punctuation and/or grammar errors may be found which cause some passages to lack clarity or coherence.</i></p>	<p>e.g. takeovers outlined in Evidence D and E will take competitors out of the market increasing <i>DS Smith's</i> market share and market power</p> <p>e.g. takeovers outlined are across several countries in Europe, which shows that it is determined to compete in more markets than just its UK home market</p> <p>e.g. the increased sales and increased profits, suggest that <i>DS Smith's</i> corporate strategy is succeeding</p>

4	8-12	<p>Evaluation must be present and in context relating <i>DS Smith's</i> corporate strategy</p> <p>Low Level 4: 8-10 marks. Evaluation must be present i.e. a candidate balances their answer by identifying how <i>DS Smith's</i> corporate strategy may not work</p> <p>High Level 4: 11-12 marks. Evaluation is developed to show a real perceptiveness on the part of the candidate. Several strands may be developed; the answer is clear and articulate, leading to a convincing conclusion.</p> <p>N.B. if evaluation not in context, limit to Level 3.</p> <p><i>Material is presented in a relevant and logical way. Some punctuation and/or grammar errors may be found but the writing has overall clarity and coherence.</i></p>	<p>e.g. a fall in UK revenue could be blamed on too much focus on overseas takeovers and ignoring competitive pressures in the UK market</p> <p>e.g. there is a danger in expanding too quickly and stretching <i>DS Smith's</i> resources causing diseconomies of scale because <i>Duropack</i> is spread across nine countries</p> <p>e.g. takeovers are very expensive, such as £135m for <i>Grupo Lantero</i>, and must be financed which may have long term implications for cash flow and debt repayment</p> <p>e.g. there is a danger of expanding too far geographically as <i>DS Smith</i> is UK based and the businesses being taken over are in Austria and Spain</p> <p>e.g. communication problems and culture clashes may arise because <i>DS Smith</i> will have to communicate in Spanish and German</p>
